## **Ride Right**

The Hardin County Sheriff's Department has been contacted to assist at intersections and on the course. However, this is an "open course," meaning there will still be traffic on streets and pavement during the course of the ride.

To help ensure that all are safe while participating in the Bill Riley Memorial Bike Ride, please obey all traffic signs and keep the following safety practices in mind:

- You are strongly encouraged to wear a helmet.
- Before you stop, make sure no bicycles or motor vehicles are immediately behind you. Stop at the right edge of the roadway and immediately move off the roadway. Stay clear of the roadway. Stopping is especially dangerous at the crest of a hill or on a curve.
- Call out to fellow cyclists when you are going to pass on the left or right or up the middle, or are pulling off or pulling on. Use phrases such as "on your left," "on your right," or "coming through the middle." Signal turns and stops.
- Be predictable and don't weave. Ride in a straight line to make it easier for those riding behind you. Don't keep other bicyclists and motorists guessing about what your next move will be. A predictable rider is a safe rider.
- Ride to the right. Leave room for others to pass on your left.
- Be courteous to passing vehicles and other bicyclists. Instead of riding several abreast, go single file and let those behind you pass.
- Beware of loose gravel and watch for debris on the pavement. Trucks carrying sand, gravel and rock often spill some at intersections.
- Avoid wide cracks in the pavement and look out for railroad tracks and cross them at right angles.
- Please stay on marked ride route.
